Chapter 1 by juliette

I was only 5 when it happend. When **it** took me. Took me like the plague and ran off without a known of coming back for me. As i sit in the house of old lady morice I think of what happend. Think of mother and father. How i could of at least fought a littler harder, tried a littler harder to hold on to my mother. I wrap myself in a my cardigan and just stare into the unkown.

Chapter 2 by Dolphin Lover

I see it in the distance. It grins at me a with its horrible smile.

"No please, not again!" I scream.

It's coming closer and closer every second. I look around and there is nothing to protect me. I stare at its grey body and its soulless eyes. Why did it want me and why did it take me here. The questions bounce around my head like a rubber ball. I need someone to help me and I mean now.

It puts its big grey hand on my chest and whispers "Finally you're mine."
